

CAMP ZACHARY TAYLOR

AT ABSOLUTE AUCTION

Beginning Monday, April 25, 1921, at 10 a. m.

And continuing day by day until all land, buildings and equipment have been sold. The properties to be disposed of at this sale, represent an outlay on the part of the Government of

Ten Millions of Dollars

All of which will be sold, in units, to suit purchasers at
The Greatest Auction Sale in History

Sectional view of one of the areas at Camp Zachary Taylor showing character of buildings to be sold.

This Army Camp comprises 2,000 acres of valuable land, adjoining the city of Louisville, together with 2,000 buildings of various sizes, and a vast amount of equipment, such as boilers, plumbers' supplies, stoves, hot water heaters, radiators, electrical equipment, motors, heating and refrigerating plants, etc.

THE BUILDING PROBLEM

For years building has been at a practical standstill. The high cost of material, especially lumber, and the scarcity of labor have compelled a stoppage in the erection of homes, storehouses, barns, etc. That time has now passed. Workmen have been released by the hundreds of thousands and Camp Zachary Taylor will release lumber and equipment. 68,000,000 feet of yellow pine will be disposed of at this sale and at such prices as bidders see fit to

pay. Come to this greatest of bargain sales and buy what you want at your own figures. Join with your neighbors in making up car lots to save freight rates. A vast number of cedar, white oak, chestnut and creosoted fence posts, water troughs and grain bins will interest every farmer. There are miles of woven wire hog-tight fencing. Two grain elevators, completely equipped with motors, conveyors and chutes.

OUR GUARANTEE

This is an absolute sale. You win or you lose on April 25th. We sell no one privately, but do an exclusive auction business. No set price, no reservation, no by-bidding, no private sale. This has been our motto for the twelve years we have been in business, during which time we have operated from the Great Lakes to the Gulf, and have never failed or refused to sell a single piece of land, or property of any kind, after it was placed under the hammer. You make the price. The Government makes the deed. That's all.

ORR, KY.

The Fiscal Court of Lawrence county has since its establishment turned a deaf ear to the citizens of Orr, Ky., as concerns its roads leading from Webbville, Ky., to Orr postoffice only a distance of about 3 1/2 miles and fully two-thirds of this distance is in the creek, compelling pedestrians to wade the creek and in the winter the roads are almost impassable to anyone riding horseback or driving, on account of ice.

We have remained quiet long enough and for our rewards, we received naught—though henceforth we expect to be recognized as one of Lawrence county's communities as we feel safe to say that a sole "dollar bill" of the county's money has not as yet found its way to this road and if any locality in Lawrence county has any more traffic, any more good citizens, any more business, any more need of a few dollars to be spent in this direction, its a vicinity completely cut off by no roads at all.

The road had been planned by Judge Boggs some several years ago

and not any more made since and we feel it a remorseless shame, ridiculous to have to come out openly to the public that the county officials will allow such treatment to any of her neighborhoods.

The writer being a traveling salesman through the section of Lawrence and Elliott counties has failed to find any piece of road, even in Elliott county so badly neglected and regret to say that during bad weather the citizens have to resort to "bridle paths" across hills to get to train and secure mail.

There are about 250 citizens of Orr and business from oil fields and an outlet of Canes creek is through this route and we can't lay down under this pressure any longer as we must have a road this coming summer and fall if possible.

The candidates for County Judge and Magistrate for this section will do well to give their policies in detail to a meeting to be held by the citizens of Orr to be announced at a later date as to this road, for we, the citizens, have decided to drop politics in as much as our welfare is concerned

and a road and not so much promising is what will be our demand.

The writer does not wish to offend anyone with this article, however, he feels it absolutely necessary to make moves in the directions of securing help from our county who take our taxes willingly but forgets us till taxes are to be paid again.

BLAINE

The Cumberland Pipe Line Company now has surveyors at work surveying the line from the oil fields to Busseyville for a 4-inch pipe as the 2-inch pipe will not carry the oil.

MOUNTAIN SCHOOL OF D. A. R. TO BE LOCATED AT HUEYSVILLE, FLOYD CO.

Lexington, Ky.—Hueysville, in Floyd county, was chosen as the site for the proposed Daughters of the American Revolution mountain school at a conference of the chapters of the D. A. R. in Kentucky. Sixteen of the thirty-six chapters were represented by twenty-nine delegates. The vote in favor of Hueysville was 14 to 11, four of the delegates not voting.

According to the report of the committee, headed by Mrs. Charlton Alexander, which selected the site, Hueysville offered \$17,000, divided as follows: \$10,000 in six and one-half acres of land, \$6,000 in a new building and \$1,000 in cash. The committee visited Hueysville last December.

Other sites suggested were in Lee, Menifee, Leslie and Elliott counties. Objections to Lee county were that the county was wealthy enough to maintain its own school without the aid of the D. A. R.—Louisville Times.

Let's get our shoulder behind this sleepy, wishing bunch and then a shove and a boost into the river of life, because there is something in them, and it is up to us to get it out.

So look all around you, find out some one in need and brighten the corner where you are. If we do this no time will ever be wasted building air castles which will rust and their thin walls of imagination fall before they reach the ground.

So here's to the rusty bunch. Glee them a spur and send them on.
